What's in your *core*?

From one true original to another, it's a family affair! The real values in life are those created and found within families: authenticity, trust and the opportunity given to be creative and express yourself. These same values drive our company and they define our corporate culture.

We saw an opportunity to create a better floor. We chased a dream and created a whole new category along the way. As the innovators of COREtec[®], the original, 100% waterproof floor, we did just that. Stylish, strong floors that sustain real family lives full of entertaining, kids and pets.

CLICK, LOCK, ENJOY. IT IS AS SIMPLE AS THAT!

We've come a long way from where we started to where we are now. But those family values guide us still. Led by management and embraced by every employee, dealer, and partner, we are recognised as the problem-solvers, innovators and design enthusiasts.

Today we offer an incredible range of resilient, durable floors that can be purchased, installed and lived upon in one single day. Click, lock, enjoy. It is as simple as that!

The most difficult task will be to choose from our wide variety of life-like decors. But don't worry, you are sure to find one to match your style because we have a floor for every personality.

Welcome to our family,
we promise to remain
authentic to the core!

Your COREtec® floor made with *care*

Always fits your style & stands up to real life, it's engineered for simplicity.

THE CORE - AUTHENTIC TO THE CORE - AUTHENTIC TO THE CORE

FLORA 50 LVRE 2554

FOREST 50 LVP 806

Why *choose* a COREtec[®] floor?

1 Warm feeling thanks to our cork backing

All our floors have a unique attached cork underlayment. Why? It's warmer, quieter and easily installs over existing hard surfaces, perfectly concealing imperfections in subfloors.

And; it's one of the most sustainable materials out there. Cork is harvested from the cork tree and can be re-harvested every decade without damaging the tree.

3 100% waterproof floors

Our floors are 100% waterproof, kid proof & pet proof. Try them in your kitchen or bathroom: they won't warp or buckle, even if submerged in water.

Our 100% waterproof core, resilient vinyl and protective wear layer will keep your floor looking good for the life of your home. So naturally, all COREtec[®] floors come with a limited lifetime residential warranty.

2 Easy to maintain

Cleaning our floors is child's play. Thanks to our high performance wear layers, COREtec[®] floors are easy to clean and easy to maintain.

Spilled something? No worries, you can easily clean it up, using your floor cleaner or our recommended COREtec[®] Cleaning Kit.

4 Time saving solution

COREtec[®] is easy to install, to care for and to live with. Its secure angle tap system doesn't require any glue or nails and can be installed over existing floors without additional underlayment.

Forget about sanding, polishing, sealing or refinishing: our floors are maintenance-free.

SOUND CORE® - 8 mm

Silent & strong, down to the *core*

At COREtec®, we're proud to offer the most complete collection of 100% waterproof floors, so you can express what makes you, you.

Installation

Easy installation

COREtec® floors have the easiest install on the market.

Watch our installation video on our website. www.coretecfloors.com

Herringbone Series variations

Mix & match your own style with our herringbone planks.

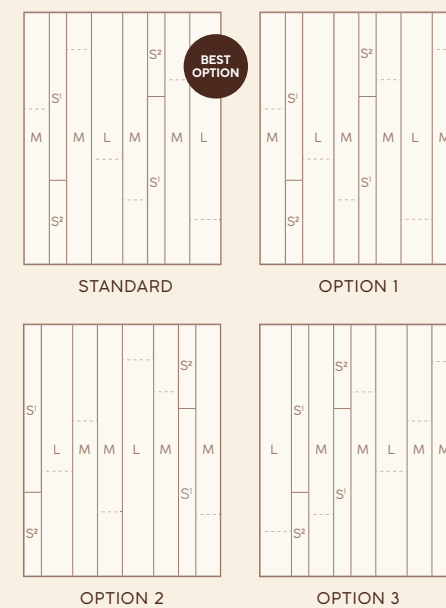

Please consult our installation guide for more information about specific requirements, such as expansion gaps and material needs.

Multi Series variations

Create your own style with four different plank sizes. The layout you choose is completely up to you!

Please consult our installation guide for more information about specific requirements, such as expansion gaps and material needs.

Maintenance

The COREtec® Clean, quick & green kit:

- Daily cleaner
- Deep cleaner
- Stain remover

It's in our *cove* to adore nature

Our commitments from us to you.

- 
Choose me once, love me for life
 We believe in a world where things last! For a lifetime, and longer. That's good for you, and also for the planet. So our products carry a lifetime guarantee for domestic use, and a 10-year guarantee for commercial use.
- 
Breathe healthy air
 The GreenGuard Gold certification is recognised as one of the most stringent in the world, going beyond the A+ rating for indoor air quality. This means that your floor contributes to the healthiest environment for working and living, and protects the most sensitive people.
- 
Sustainable cork underlay
 Cork is a highly durable material. It retains its natural springiness even after years of use, while woods planted with cork oak reduce CO₂ emissions.
- 
We can prove it
 Don't take our word for it, look at the proof! COREtec® meets the standards for numerous quality labels and certificates. Our floors are free of heavy metals (such as lead) and phthalates.
- 
Second Life
 So you're changing your floor? Why not give the old COREtec® floor a second life! You can gift your old floor via Second Life Floors. Because your old floor is perfectly fine to start a new story in a new location.
- 
Do your bit for forest conservation
 There is no wood in a COREtec® floor. So no trees are cut down to make your home beautiful. More than that: we are active in forest conservation, worldwide.

COREtec® floors are
that good, somebody else
can re-*enjoy* it.

Learn how your COREtec® floor gets a second life.

COREtec®, the natural choice

Warranty (Years) The warranty covers manufacturing defects and premature wear in the event of normal use.
Takuu (vuosi) Takuu kattaa valmistusvirheet ja normaalista käytöstä johtuvan pinnan puhkikuluminen.
Garanti (år) Garantien gäller tillverkningsfel och för tidig utslitning vid normalt användande.
Garanti (år) Garantien gjelder mot produksjonsfeil, og for tidlig slitasje ved normalt bruk av gulvet.
